July 1, 2018

To My Wonderful Clients,

After 25 years at Suburban Veterinary Clinic and 38 ½ years as a veterinarian, I will be retiring at the end of 2018. I have enjoyed caring for you and your pets, and will miss the special relationships that we have formed.

I am recommending Dr. Beth McElravy (A Board-Certified Internal Medicine Specialist) at the Dayton Care Center for continued care of internal medicine problems, and we will be happy to forward your records to her. Of course, you may request that your records be forwarded to the internist of your choice.

Thank you for working with me in the care of your beloved pet. My career as a veterinary internist has been a source of great joy and fulfillment.

Sincerely,

Lee Schrader, DVM
ACVIM (Small Animal)
